WORK EXPERIENCE

SOFTWARE DEVELOPER

DataTurtles LLP - dataturtles.com

Dec 2021 - Present

- Developed a grocial website from scratch, implemented features.
- Developed a landing page for the grocial website.
- I have developed an authentication system with google social login.
- Developed a official website for Dataturtles.
- Collaborated with a 3-person team to develop a Gardening E-Commerce Marketplace solution using ReactJS, ExpressJS, PostgreSQL, and Prisma (ORM).
- I contributed to the admin platform and Customer platform with rest API.
- I contributed to development a cost-efficient email marketing campaign system to manage customer leads and schedule email sending based on the customer's persona without landing emails in the spam folder.
